

Purified Concentrated Fertilizer

6-3-0 1% Iron

Apply Now to Gardens and Lawns

- ✓ Can be applied to any plant at any time
- ✓ Provides complete food source for soil organisms
- ✓ Does not require immediate watering
- ✓ Will not burn plants (Non Chemical)
- ✓ Reduces irrigation requirements—increases the soils water holding capacity
- ✓ Slow Release – one application typically lasts 90 days during growing season
- ✓ Nutrient Rich – contains all Macro & Micro Nutrients
- ✓ Environmentally Safe – does not volatilize and does not leach
- ✓ Over 30,000 tons recycled into Commercial Texas Agriculture and Horticulture yearly
(Cotton, Corn, Hay, Watermelons, Vegetables, Sod and Landscapes)

Application Rate: 40 lbs per 2,000 Sq Ft.

Apply more to:

- increase growth
- improve drought protection
- boost plant vigor in shady areas
- revitalize poor soils
